FaithWorks served 42 family units in September, 13 of which were new. This ministry is growing in its demands, and to date God has been providing in abundance what we can share.

Preparing for the holidays, we would like to offer new socks in all sizes. A sock tree will be available in the side entrance and we ask all to consider contributing. Additionally, there will be

a collection for unwrapped new toys to serve the children impacted by this ministry. We encourage you to especially remember boys and Tweens when donating toys.

There is an ongoing need of gently used seasonal clothing (all sizes and genders), housewares, nonperishable food items, and monetary donations for the purchase of diapers. All FaithWorks donations can be placed in the bin/table at the fellowship hall entryway. Giving can also be done with monetary support for the purchase of diapers and wipes – feel free to designate giving on your envelopes by stating ‘FaithWorks’.

FaithWorks is looking for ‘Friends’ who feel lead to lend in hand. Manpower is needed for set up and tear down, as well as people with the gift of visitation who would enjoy visiting with attendees prior to each distribution on the third Friday monthly. The set up process is quite an undertaking, and any person available throughout the day on the third Friday of each month are invited to help fold and sort donations. Administrative Friends are needed to help maintain social medial contacts, and Friends for other ‘as-needed’ resources who could provide transportation, basic vehicle repair, and delivery of immediate aide resources.

November saw this congregation serving the restorative needs restoring a family’s house after a fire and preparing it for winter.

As we use this advent season to prepare our hearts to receive the greatest Gift of all (Jesus), may we also seek out ways to humbly serve Him by loving others. The needs are great and GOD IS GOOD!
